## CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at **so much per PIECE** and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

for the first time, must give bank or other reliable reference, or their bids

Auction sales are strictly for cash. Parties unknown to me and bidding will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.**

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for 75c cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

# To The Bidders.

The year 1915 records the largest crops in the history of this country. The fruit crop is simply colossal. My brother writes me from Oklahoma that peaches are rotting unpicked on the trees, while good peaches are offered at twenty cents per bushel. The banks are filled with hoarded gold. The War orders are stupendous. There is no reason whatsoever for any lack of confidence on the part of American coin buyers, and the Fall and Winter season should be a good one for the coin business. The European War has stopped practically all importations, the result being a scarcity of ancient and modern foreign coins and antiques. Genuine Egyptian, Greek and Roman Antiques, of which the cataloguer has had fine stocks, are no longer being excavated for or handled. Scarabs are almost unobtainable. There are as yet no signs of the end of the present European troubles, and as the resources of the leading countries engaged in the war are tremendous, a prolonged struggle may be expected lasting possibly for several years to come. This means that collectors must do their buying here in America, and America affords at present the only open market in the world. These facts being apparent, there need be no reason for American business pessimism. There seems a certain backwardness on the part of several who wish to sell to offer their collections. This I believe is a mistake.

Any collector who will go carefully through this catalogue and finds nothing of interest in his special field is hard to suit, as about every class of collecting is covered. The small dealer will find many large lots which he may buy for a price which will enable him to make a good profit. I have not in years held a sale where he could have participated to better advantage. Please do not ignore my request that you favor us with at least a few bids for this sale. The fascinations of auction bidding are undeniable and very often at least one can say "once a bidder always a bidder." Here is a pursuit where one may often mix pleasure with profit, and as my Friend Mr. Higgins has very aptly said, "enjoy the pleasure of eating one's cake and having it too." A few bids, please, for this sale, and don't forget. Send them in early to "avoid the rush."

Don't overlook the fact that I am ready to catalogue your collection or duplicates. Convert the duplicates into money; they are simply "sleepers" rolling up a considerable interest every year.

THOMAS L. ELDER.
